Subject: Data for 04/10 - 04/11

Attached is the summary for 4/10 @1700 through 4/11 @ 0730.

The drastically reduced number of readings is due to the issue. The AreaRaes log every minute while ProRae Gaurdian and Viper records on a shorter interval.

Please call if you have questions.

Steve, I will answer today, my phone was muted when you were calling yesterday, I apologize.

Thanks,

Leslie
